**Welcome to the inaugural edition of
The Go-4 Nuge Letter!**

2014 was a very busy year for most of us in the Film Industry here in the Northwest. We have wanted to put together a newsletter now for some time to keep our friends and colleagues up to date on our new offerings as well as find a way to connect with other sources.

**Some New Additions to the
Go-4 Nuge Fleet**

The Shuttle Bus

**2 Exterior Bathrooms
15 Person Shuttle Bus
Built-in 4000 watt Generator
for Small Production Office**

One of the latest additions to the Go-4 Nuge fleet is a customized shuttle bus with 2 exterior entrances, heated/cooled restrooms and 15 seats in front for passengers. Pop some or all of the seats out and get a mobile production office as this bad boy has a 4000 watt generator on it as well as a battery back up with sine wave inverted power for DIT!

Also can be used as an AGENCY/CLIENT Video playback bus as there will soon be a cable interface on the top of the bus for easy VTR installation.

Order a la carte or the whole shebang.

Prices (Driver rates not included):

- \$200/day for shuttle bus (no access to restrooms)
- \$450/day with restroom access
- \$600/day for a fully powered production office w/restrooms

Can be driven by an approved PA or other approved crew member on non-union shoots.
